

Summary Account of First Mission Trip to Europe

By

Ekaba Bisong & Chidera Bisong

August 1st - 30th, 2025

Executive Summary

This report provides a day-by-day account of the missionary trip undertaken to 11 nations and 20 cities across Europe from August 1 to 30, 2025. The purpose of the trip was to spread the Gospel of the Kingdom, build faithful Christ-centered Churches, and spiritually contend against ancient covenants and principalities over the region.

From August 1st to August 30th, 2025, we embarked on our first mission to mainland Europe and the British Isles. Our journey was not without challenges, as we faced travel difficulties, financial constraints, and threats to our livelihood, but through divine intervention, the Lord saw us through.

Our mission was clear from the outset: to combat the spirit of coldness and spiritual apathy in Europe, to annul ancient covenants over the region and to establish a spiritual presence that honours God. We had a witness to maintain an aggressive front, not being too mindful of ourselves, but being open to being used exactly as the Holy Spirit pleases.

Our itinerary entailed travelling every other day for one month straight, prayer, ministry of the Word, and waging spiritual warfare over the continent. We traveled to significant locations, including the Netherlands, Belgium, France, Germany, Poland, Austria, Hungary, Switzerland, Slovakia, Italy, England, and Wales, where we evangelized and prayed over the land, contending with the spiritual princes of the land.

The highlight of our mission was the establishment of a living Kingdom Church in Plymouth, making key kingdom connections in Spain, Bamburgh, Zürich, and Leuven, ministering to hundreds of people in street evangelism, leading approximately 30 people to be saved across the streets of Europe, participating in the London Fire of God Conference, and encouraging many lives in the way of the Lord. Leaving Winnipeg and Calgary, we're grateful for the spiritual community that's grown there. These are people who truly support and encourage each other in their faith. This trip reminded us how God works through ordinary moments and difficult choices. We're thankful for His presence throughout the journey and for the strength He gave us when we needed it most.

1 Introduction

Approximately a year ago, the LORD began to place a burden on the heart to take this Gospel of the Kingdom to Europe. The LORD indicated it to be an apostolic and evangelistic mission, which we readily believed and set forth with.

The months leading up to our departure involved both spiritual and practical preparation. We spent time in prayer and fasting, seeking the Lord's direction for the trip. On the practical side, we prepared gospel tracts translated into the major languages of Europe. These included Dutch, French, German, Polish, and Italian ensuring we could effectively communicate the message of salvation across language barriers. We coordinated meeting venues in multiple cities, established contacts with local believers where possible, and mapped out an ambitious itinerary covering 11 nations and 20 cities in just 30 days.

This report captures details of the expedition to the region beginning at Amsterdam, Netherlands. The purpose of this report is to enlist the body of believers to partner in spiritual labour towards the gospel of the kingdom in Europe.

Mission to Continental Europe

2 Day 1 - August 1st 2025 (Departing Canada)

The mission trip commenced on August 1st, 2025, as we departed from Winnipeg and Calgary. We give God thanks for the smoothness of the journey and the safety He granted us despite a near miss of a fatal accident in Calgary while on the way to the airport. However, we both arrived safely at our destination.

During the flight, halfway over Canada en route to Montreal and then Amsterdam, the Lord granted us a significant spiritual encounter that would shape our entire mission. In prayer, the Spirit revealed the principality of unbelief that rules over Europe. This is the very stronghold we were being sent to confront. The Lord directed us to arm ourselves with Mark 16:15-20, emphasizing that "whoever believes and is baptized will be saved, but whoever does not believe will be condemned."

The marching orders for our mission became crystal clear through this revelation:

1. They will cast out demons
2. They will speak with new tongues
3. They will pick up serpents with their hands
4. They will not be hurt
5. They will lay hands on the sick and they will recover

The Lord impressed upon us that we must rely entirely on His power throughout this journey, for He is the Evangelion, the one working regeneration and faith in the lives of men. This encounter, much like Paul's Macedonian vision, confirmed that God was directing our steps and preparing us for the spiritual warfare ahead. We understood that this was the time to bring in the harvest before the great day of the Lord, and we must go out and preach everywhere, standing against the spirit of unbelief with the power and authority given to us in Christ.

3 Day 2 - August 2nd 2025 (Arriving Amsterdam)

We arrived in Amsterdam, Netherlands, on August 2nd. Immediately upon landing, we moved to our lodging, settled in, and set out for evangelism. It was a wonderful time of witnessing at the University of Amsterdam, and then we proceeded to the streets, where we had a fruitful time of witnessing to any soul that cared to give audience and listen. When we got pushback, we pressed to ask why they did not want to hear about Jesus Christ. A lot of people, on hearing the mention of the Name Jesus Christ, aggressively rebuked us, and some cursed, asking us to get out of their faces. However, we remained encouraged by the Spirit of the Lord, not feeling discouraged, but rather felt a sense of shamelessness for the cause of Christ. We remembered the scripture that said, “The zeal of thy house has eaten me up, the reproaches of them that reproached you have fallen upon me”. For truly, Jesus Christ is reproached daily, and He is hated amongst the nations, but as we persevere in the work of mission and witnessing, the coldness that is in the hearts of men will be taken away. We continued evangelizing until evening, then returned to rest.

Later that night, we set out again into the streets and, this time, went to one of the roughest parts of Amsterdam, where you have the canal houses. This is a vibrant center in the city, and at night, it comes alive in a different light. It becomes a hub of all manner of vices: prostitution, drugs, gang operations, and wild parties. It can be likened to the modern-day Sodom and Gomorrah. We witnessed the gospel to all manner of people who cared to listen before retiring for the night in preparation for the next day.

4 Day 3 - August 3rd 2025 (Amsterdam)

Before arriving in Europe, we rented a hall in Amsterdam for an outreach meeting. During our time of street witnessing on August 2nd, we also invited people to the meeting. On arriving at the meeting, to our surprise, no one showed up except one lady, who happened to be the owner of the hall we had rented. We had some time for prayer and for ministry to the young lady who owned the place. We were not discouraged even though this happened at the beginning of the trip and could have easily beset us. However, we held our heads high, knowing that we had done the work and obeyed the instruction of the Holy God. We returned to our lodging to regroup and then set out again into the streets for evangelism.

Upon arriving in Amsterdam, we had heard of a famous place called the Red Light District. The Red Light District is the largest hub of legalised and state-sponsored prostitution in the world. It is like nothing we have ever seen before. There were naked women displayed in red lights, in glass boxes, across tens of kilometres in the streets, and the custom of the people is to go there to openly solicit these prostitutes. All manner of things happen in this place; people can pay to watch the prostitutes and can also pay to watch the prostitutes have sexual relations with other people live. On hearing this, we knew that we were to pronounce a judgement upon that altar and a complete demolition of that altar of wickedness erected in the city of Amsterdam, which is demanding evil and wickedness and servicing all manner of unclean spirits and spiritual principalities. We arrived at the Red Light District at night, and we began to evangelize to people coming out of the prostitution houses. We stopped them as they emerged and evangelised to them, witnessing about Jesus Christ, His work of redemption, His passion, His death,

and His resurrection all that night.

We witnessed boldly as the Lord gave us utterance. After doing that, we went into the heart of the prostitution house in the Red Light District, marching through the belly of it while praying. At some point, we stood in the centre of the district and began to pray loudly, declaring judgement on that altar. As we closed our eyes and began to pray, the police gathered around us, staring at us, but they could not do anything because we were not causing any form of physical interruption of business, but were merely praying. We spoke in tongues and declared words in English. We spoke judgement and death to the altar, and that in its place, something would rise that would serve the purposes of Christ. We know that a deathblow has been given to that wicked altar, and with continued persistence and speaking, that altar will be dried up, for it is an altar servicing wickedness and, in its place, an altar for light must be raised up.

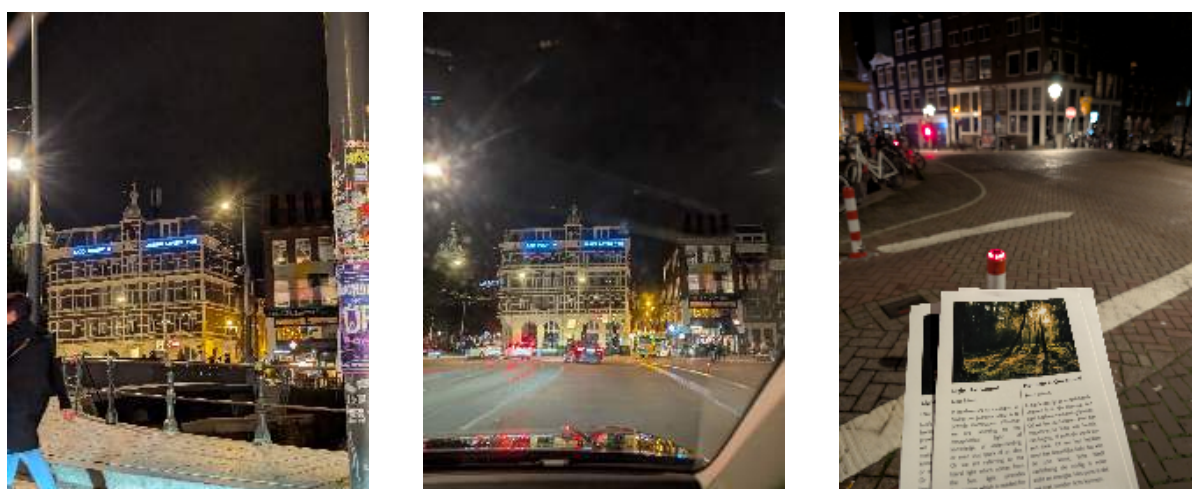

Figure 1: After witnessing the overwhelming darkness of Amsterdam’s Red Light District and boldly evangelizing in the heart of one of the world’s largest centers of state-sponsored prostitution, we found ourselves in a state of melancholic despair. As we drove back to our lodging late at night, God encouraged our hearts in a remarkable way. We encountered a building illuminated with neon lights proclaiming “Jesus Loves You” in both German and English. This divine sign reminded us that even in the midst of such profound darkness, light still shines. There is hope. The Gospel has the power to pierce through any darkness. We were strengthened in our resolve to continue declaring judgment upon the altars of wickedness and believing for the establishment of righteousness in their place.

We headed back to our room very late in the night, around past 2 AM, in preparation for our trip to Maastricht, which was the next leg of our journey.

5 Day 4 - August 4th 2025 (Arriving Maastricht)

This day was a Monday, and we embarked on a 3-and-a-half-hour road journey from Amsterdam to Maastricht, Netherlands. We arrived in Maastricht and were received by the family of brother Tarila and sister Amanda Ebiedi, who provided us with warm accommodation at their home. We arrived in the morning and shared a beautiful time of fellowship with them, and in the evening, we had a meeting. Brother Tarila invited a couple of people from Maastricht to his house for the meeting. We had people from

Ghana, Kenya, and some other East African countries. The meeting was a glorious one. Brother Chidera and brother Ekaba ministered in the meeting, and the spirit of the Lord moved powerfully. The hearts of the people were touched, and they were greatly blessed.

6 Day 5 - August 5th 2025 (Arriving Leuven)

We departed from Maastricht, Netherlands, to Leuven, Belgium, alongside brother Tarila. When we arrived in Leuven, brother Tarila connected us with a beloved brother, Eric Casteel. Brother Eric is an American missionary who has been in Leuven for many years, preaching nothing but the Gospel of the Kingdom in the region. We found this to be an interesting connection, and we had quality time in Leuven to compare notes and share with our brother, Eric Casteel. It was a lovely time of fellowship. He told us about the work that God has been doing in Belgium, gathering people in an unorganized way, people who are just interested in seeking God and gaining a deeper knowledge of God. We shared with brother Eric what the Lord has been doing amongst us and the burdens in our hearts. On speaking with brother Eric, we found that the connection was great and there was unity in the spirit. We finished the meeting with him in the evening and were set to return to Maastricht, but the Holy Spirit prompted us to set our faces toward Paris, in what was to be an unplanned twist in the schedule. This was no small prompt, because Leuven to Paris is about an 8-hour drive. We had to immediately contact brother Timothy and his dear wife, sister Chinenye, and they were gracious enough to be available for us, so we bade brother Tarila farewell as he returned to Maastricht while we set on our journey to Paris.

7 Day 6 - August 6th 2025 (Arriving Paris)

After a long trip the previous day, we arrived in Paris, France, at almost midnight. Upon arriving at our lodging, brother Timothy and sister Chinenye were so gracious as to welcome us at that time of night, and God laid it in their hearts to visit us with a sumptuous meal, which greatly nourished our bodies. We lodged that night and prayed to the Lord to grant us strength as we were physically exhausted after an almost 10-hour trip overall to Paris. At daybreak, on August 6th, we set out to the city of Paris alongside brother Timothy to explore and pray over the land. We went to certain sites in Paris, gathered around the Eiffel Tower with brother Timothy, and made some declarations over the land of Paris. After this, we returned to the residence of brother Timothy and sister Chinenye, where we spent some time exchanging notes and fellowship with them. Our hearts were full in Paris, as we had time to pray, even though we did not have time for street evangelism, as Paris was not part of our original plan. However, the purpose of the trip was well fulfilled. We then set our faces to Celle at around 1 AM for another 8-hour drive to meet up with brother Toba and sister Irene Poopola in the morning.

Figure 4: Unplanned divine detour to Paris, France. At 1 AM just after this picture was taken we began an 8-hour to Celle, Germany. We were determined to follow the Spirit's leading regardless of our physical exhaustion.

8 Day 7 - August 7th 2025 (Arriving Celle)

We arrived in Celle, Germany, from Paris in the morning after another approximately 10 hours of driving (overall) and were received very warmly at the residence of brother Toba and sister Irene Poopola. It was a very hectic time of driving, seeing that we had done a similar amount of driving less than 48 hours prior. We arrived, and had some time of fellowship, just meeting and unwinding the days with brother Toba. It was very refreshing to see him and his dear wife. We had some time to rest, and later that evening, we had more conversations with brother Toba and sister Irene about the burdens and work of the Lord. We could also see and testify to the great work that God has been using them to do in the city of Celle. It is a work that is progressing steadily and has a significant impact on the local community. We were privileged to meet with brother

Toba and sister Irene, share fellowship with them, and encourage each other regarding the work of the Lord in this time.

9 Day 8 - August 8th 2025 (Arriving Berlin)

The next day, we departed from Celle to Berlin, Germany, in the morning. It was a 3-and-a-half-hour road trip from Celle. On arriving in Berlin, we settled into our lodging and immediately set out into the streets for evangelism. We had a fruitful time of street evangelism in Berlin, and we were scheduled to have an outreach meeting the next day. After the evangelism, we set out to meet some of the contacts that the Lord had given us in Berlin. We met Pastor Ann Muller, a wonderful Kenyan woman married to a German man. She helped us greatly in securing the meeting room we would use the following day. Her burden is nothing else but to see the work of God progress in the city of Berlin, and because of that, she gave herself, even without knowing us or ever meeting us, to secure that hall completely free of charge for us. We had time to meet her that evening and just shared some time of fellowship with her and shared the burdens in our hearts. She was deeply touched by it and told us about the miracle that God worked to make the hall available. The facility was first a church, but it was later bought over by Muslims. A Muslim group now controls it and has a policy of not renting for religious activities, but by the mercy of God, that hall was rented to us to have our meeting the next day in Berlin.

10 Day 9 - August 9th 2025 (Berlin)

We heard from brother Toba and the family that they will be joining us in Berlin to co-labour in the ministry. This was the most blessed news for us, as they had to take a 2-and-a-half-hour train ride from Celle. On getting there, we met them at the hall, and we joined forces to believe God for a wonderful time of harvest. We had a handful of people come into the meeting in Berlin, and the meeting took off featuring a fruitful time of sharing along the lines of the work of Jesus Christ today and our place in it, the work that Jesus has done, His suffering, death, resurrection, and the work that He is doing in the building of His church, His body. We also had time, with the help of the Holy Spirit, to discuss what the church is set for: the glory, the precious promises to come, and the promise of eternal life in Christ Jesus. We spoke about the role of witnessing and the priest's responsibility to be an influencer of righteousness in this time. We spoke about worshipping in spirit and in truth, partnering with Jesus in the setting of His kingdom here on earth, and our part in it. The ministrations led to a fruitful time of fellowship, as people had questions, and God helped us answer them. The meeting in Berlin was a great success, and we could tell that the people were greatly enriched. We established connections and contacts. We ministered to people in various capacities, and the spirit of the Lord moved greatly.

Figure 5: Ministry in Berlin.

It was by the providence of God that brother Toba and sister Irene were on hand because immediately, it was clear that they had a great role to play in the sustenance of the harvest that was done in Berlin. God has been using them to hold periodic meetings with other brethren in Berlin, of whom we were unaware. So, it was beautiful to see everything fall into place according to God's plan, and we give God the glory for how things went after the meeting. On leaving the meeting location, brother Toba and sister Irene still had a lovely time of fellowship with us as we went into the city and had some more time of interaction and sharing the burdens of the kingdom and what God will have us do at this time of the end. After this, brother Toba and sister Irene headed to the train station to catch the train back to Celle, and we returned to our lodging to prepare for the next leg of our journey, to Poland.

11 Day 10 - August 10th 2025 (Arriving Kraków)

We set out on the road from Berlin to Kraków, Poland, on an approximately 6-and-a-half-hour drive. On arrival, we checked into our lodging, dropped our belongings, and headed straight into the streets for extended street evangelism. The evangelism in Kraków was incredibly powerful. We witnessed Christ to approximately 55 souls on the streets of Krakow, and we had great testimonies where about 8 people gave their lives to Jesus Christ. We had some time to share tracts, minister, and pray for people on the streets. It was indeed a full day of evangelism in Kraków, and we also had time to pray over this city. Later, we returned to our lodging to rest for the day.

Figure 6: Left: Alicja and Amelia, both 14 years old, who made a covenant promise to keep their bodies for Jesus Christ after receiving prayers and the Word. Right: Marcel (15, an atheist) and Nikodem (14, a Christian), who after receiving ministry, promised to abstain from smoking, drugs, alcohol, and sexual immorality. Bottom: Dominik (17, a Christian) and Asia (19, not yet a believer), a couple in love. Remarkably, Dominik had discussed Jesus Christ with Asia that very morning, and they were both shocked that a complete stranger would approach them about the same subject hours later. This was a divine confirmation of God's pursuit of their hearts. These encounters exemplify the power of street evangelism and the Holy Spirit's perfect timing in reaching the next generation.

12 Day 11 - August 11th 2025 (Kraków)

This was another full day of evangelism and ministry on the streets of Krakow. We took to the streets for extended times of evangelism and prayer, and the Lord helped us mightily. We retired to our lodging at the end of the day to prepare for the next leg of the journey to Vienna, Austria. We give great thanks to the Mighty God for the work that He did through us in Kraków, Poland. The people were receptive on one hand and hostile on the other. However, those who received us, God gave utterance to share His Word with them.

13 Day 12 - August 12th 2025 (Arriving Vienna)

We set out on our journey from Kraków to Vienna, Austria, and as we were leaving our lodging very early in the morning, around 3 AM, we met a woman and her two young daughters who were stranded on the street. Apparently, this woman was heading to Zürich, Switzerland, but the bus from their previous place of origin arrived earlier than scheduled, so they reached Kraków around 3 AM and were stranded, looking for accommodation. On leaving our Airbnb complex, we met this woman and her two young daughters. The woman asked us if we knew where she could rent an Airbnb, and we told her we were only visitors and did not know where to rent one. As she thanked us and took her leave, we were prompted by the Holy Spirit and reasoned among ourselves that it would be improper to leave a woman and her two young daughters outside so early in the morning, with nowhere to go. As we interviewed her further, the Holy Spirit laid it on our hearts to offer her our Airbnb accommodation. This was possible because we were scheduled to check out at 11 AM, but we ended up leaving so early, around 3 AM. We, in trust, gave the woman and her daughters our room to stay for the remainder of the time. Even though they were understandably hesitant to accept this offer, they had no choice. We collected the woman's contact information so she can send us a picture as proof that she left the room in good condition before checking out on her own. This, unbeknownst to us, was a divine orchestration.

The woman was apparently so grateful and touched that strangers who did not know her showed her and her daughters so much kindness, and they were able to have a place to sleep until later in the day, when they departed to catch their flight to Zürich, Switzerland. The reason this story is being highlighted is that we were scheduled to drive from Poland to Vienna, then from Vienna to Zürich, and we had no place to stay in Zürich aside from the hotel we had booked. However, because of this act of kindness, this woman and her husband called us and asked us to stay with them during our time in Zürich, in gratitude for the kindness shown to them. We communicated to them that we were missionaries and preachers of the gospel, and they were glad, received us, and opened their home to us whenever we arrived in Zürich. This was one of the tales of divine connections that the Lord gave us throughout this trip.

We departed Kraków for Vienna, Austria, about a 5-hour drive. When we arrived in Vienna, we immediately dropped off our luggage at our lodging and headed out to begin evangelism, which went very well. The Lord granted us great help as many people turned to the Lord and received Jesus Christ on the streets. Many people were open to the gospel of the kingdom that was preached, and many people rejected us, cursing at us and being totally closed to receiving the gospel of Jesus Christ, but the Lord caused as many as were ordained unto salvation to receive.

14 Day 13 - August 13th 2025 (Vienna & Visit to Bratislava)

We continued our street evangelism in Vienna, but the Holy Spirit prompted us to go to Bratislava, Slovakia. So, we decided to take a short trip since it was close by. We intended to pray over the land and make declarations as part of the mandate that was given to set up a siege and mount an invasion on as many nations as the Lord gives us opportunity to pass by. After that, we drove from Bratislava back to Vienna that night,

retiring to rest in preparation for the next leg of our trip to Zürich, Switzerland.

15 Day 14 - August 14th 2025 (Arriving Zürich)

We departed from Vienna and drove to Zürich, Switzerland, in about 7.5 hours. We arrived safely in Zürich by the mercies of God and went to the residence of the woman that the Lord led us to show kindness to Kraków, Poland. They welcomed us warmly into their home and were delighted to have us stay. We shared fellowship with them and got to know each other. They invited some of their in-laws and close relatives, and we had a beautiful time of interaction. Later in the evening, they took us for a walk in the city, where we walked with the couple into the night. As we engaged in this walk, we had a very good time of ministering to them, sharing the work of the Lord, the kingdom, the burden of Christ and His church, and the Lord helped us to provoke them unto righteousness and to take their Christian lives more seriously. They were greatly blessed on that day.

Figure 8: Ministry at the home of Serhii & Sofia in Zürich, Switzerland.

16 Day 15 - August 15th 2025 (Zürich & Visit to Milan)

We continued our mission in Zürich, Switzerland, while we were still in the home of this beautiful couple. In the morning, we had a breakfast meeting around the breakfast table, sharing the word of God, encouraging them in the way of the Lord, and strengthening the contacts and ties that the Lord enabled us to have with them. Later in the day, in the early afternoon, we left their home and headed into the city to explore Switzerland. We decided to drive into the mountains to spend time in prayer and to speak over the land. This also served as a good reconnaissance trip, where we were able to scope out the land and understand the landscape and the people. We prayed, spoke, and declared over Switzerland for a long time.

After this long prayer drive, we decided to make a 3-and-a-half-hour journey to Milan, Italy, to continue in the spirit of prayer and declaring over the land. After which, we returned to Zürich and checked into a hotel to rest for the night and be ready to depart for the next leg of our journey to towns and cities across the British Isles.

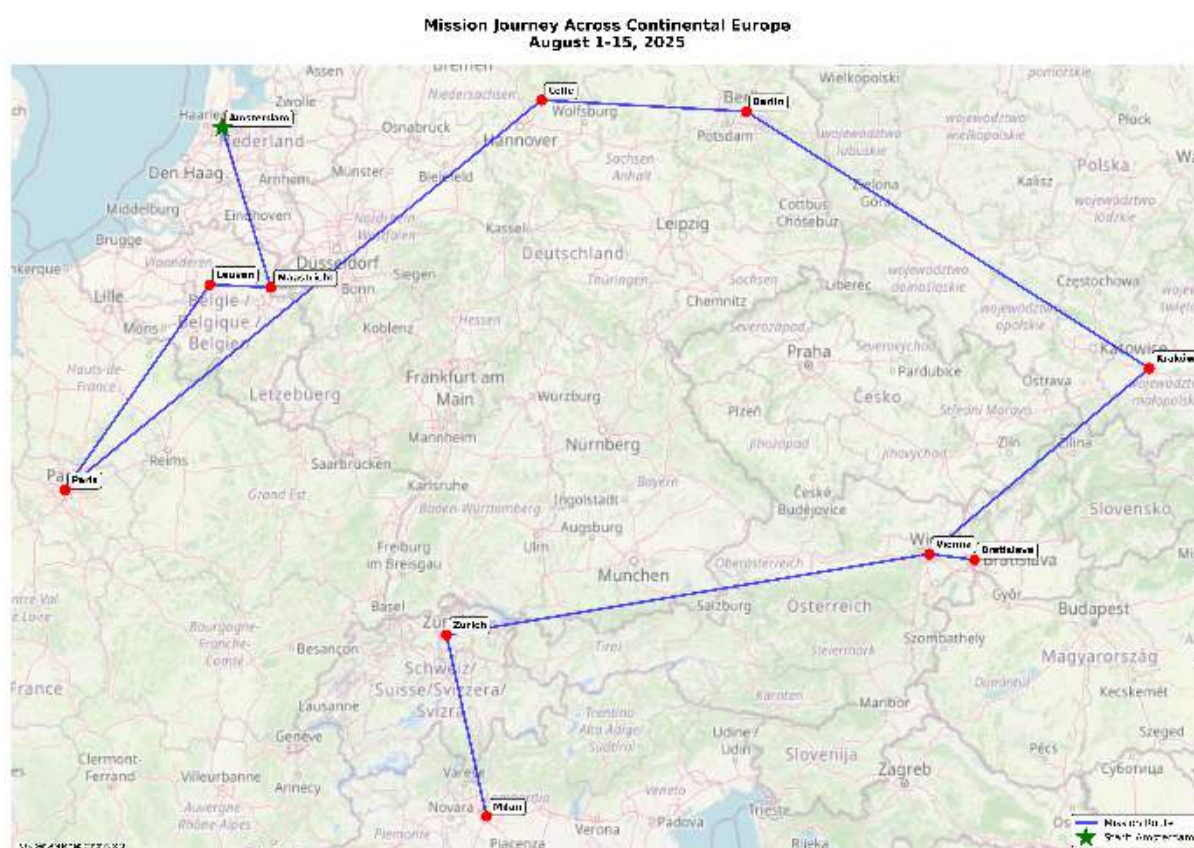

Figure 9: Mission Journey across Continental Europe (August 1-15, 2025). The team traversed approximately 4,180 kilometers by road through 7 nations—Netherlands, Belgium, France, Germany, Poland, Austria, Switzerland, and Italy—visiting 11 cities: Amsterdam, Maastricht, Leuven, Paris, Celle, Berlin, Kraków, Vienna, Bratislava, Zürich, and Milan. This leg concluded with a flight from Zürich to Plymouth via Amsterdam.

Mission to the British Isles

17 Day 16 - August 16th 2025 (Arriving Plymouth)

This phase began with a flight from Zürich to Plymouth in England via Amsterdam after the conclusion of our trip in continental Europe. We departed from Zürich by air to Plymouth, England, through Amsterdam. We got to Bristol Airport very late at night, shortly after midnight, and had to pick up a car there. We drove about 2-and-a-half hours to our lodging in Plymouth. We thank God for the help He gave us after a long, tiring trip. We arrived in Plymouth in good health and began preparing for the outreach meeting the next day.

18 Day 17 - August 17th 2025 (Plymouth Outreach)

After a long and stressful journey from Zürich through Amsterdam and Bristol, we woke up the next day for the planned outreach in Plymouth. It is important to note that the city of Plymouth was brought to our attention by the Holy Spirit. None of us has ever been there before, nor do we know anyone there, but when the burden for the United Kingdom came, God pointed us to Plymouth. Not knowing anyone, by faith we went ahead and booked a room, created meeting advertisements, and advertised it all over the city. On the day of the meeting, we headed to the meeting room in faith, trusting that God's will would be done. Certain Englishmen attended, including one of South American origin. The meeting began, and the Lord granted us great utterance. We began with a time of worship; the Spirit of the Lord fell heavily, and then we went straight into the ministry of the Word. Again, the Lord put in our hearts to communicate the heart of the Father at this present time, God's purpose for their lives, for the earth, and for His church. We spoke extensively on matters of the kingdom, and the hearts of the people were heavily caught. There was great repentance, and the Spirit of the Lord convicted them greatly. One of them shared that he was shown in a dream to attend the meeting we had advertised. He had a dream in which he saw a light shining at the top of a high tower, and he was told to go towards it. Not too long after that experience, he encountered one of our meeting advertisements on social media. The video advertisement began with a short clip of light shining from a high tower, and he knew that was what the Lord had told him in the dream. So, he came to the meeting on account of an instruction he had in a dream.

They held us down after the meeting for a long time of questions, and you could see that the people knew they must do something afterwards; it became a "men and brethren, what shall we do?" moment. We spoke to them about God's desire to plant a kingdom-believing church in the city of Plymouth, where the Name of Jesus Christ will be exalted and glorified. They began speaking to us about how they could hear more of what we had said and asked how long we intended to be in the city. After this meeting, we returned to our room, praising God for the grace He poured out on the meeting, and we knew that something would follow up.

Figure 10: Fellowship of Christ Church plant in Plymouth, England (August 17, 2025).

19 Day 18 - August 18th 2025 (Plymouth Church Plant)

Our initial plan was to go into the city of Plymouth for street evangelism. However, because of the powerful meeting the previous day, the people still wanted to meet with us again. One of the attendees from the previous day brought his friend and reached out to ask if they could come see us for another meeting, so we gave them our hotel address. They drove all the way, about a 1-and-a-half-hour drive from Exeter, just to come and meet us. He brought his friend to hear of the great things that the Lord was speaking through our mouths. When he and his friend came, we had to cancel our evangelism plans to have another meeting with them. The Lord moved powerfully again in that meeting, and many things regarding the counsel of God, the heart of the Lord at this time, the call of the kingdom, and finding their place in the work of God in these last days were communicated to them. His friend was cut to the heart, and right there, they decided that they must heed the call and obey what they perceived the Lord was saying to them through us. On this note, they said they will avail themselves of the opportunity to start a kingdom church in Plymouth.

We initially called the church the Plymouth Christian Fellowship. However, as they prayed and caught the vision we had shared, they asked us to judge a name that came to their spirits. That name is the Fellowship of Christ Church. We let them know that the chosen name sat well with us, and immediately the two young men took complete ownership. They were caught to the heart, and they said they would give their time and resources to start a candlestick in the city of Plymouth. This was a very glorious day as we spent all day ministering the Word of the Lord to them, and they departed from us. Our hearts were full of joy for how much the Lord did and how much they were greatly

apprehended. We went back to pray and meditate, and to set our hearts towards the next phase of our trip. But we knew we had to come back to Plymouth during our current trip because a church had been planted, and we needed to commission it. We give God great praise for how much he has done in our midst and how His Name was greatly glorified.

20 Day 19 - August 19th 2025 (Glasgow, Edinburgh, the Bamburgh & Spain Connection)

On this day, we departed from Plymouth for Glasgow, Scotland, for an approximately 8-and-a-half-hour drive. It was a long drive, but we had time to explore the countryside, seeing it as a reconnaissance opportunity and spending time praying and declaring over the atmosphere. As we arrived in Glasgow, we had time to do some work and to pray. We did not have the opportunity to evangelize in Glasgow, but we spent some time praying and declaring over the city. Then we left Glasgow and began driving to Edinburgh, Scotland. Upon arriving in Edinburgh, the Lord began to lay some things in our hearts and led us to make a detour and head towards England. We wanted to visit a particular site, a renowned castle we had heard about. It is called the Bamburgh Castle. So, we decided to make a detour to head towards that castle as an opportunity to just see it. As we were heading towards Bamburgh Castle, about 9 minutes away, we had a minor accident: our tire hit a curb and blew out, leaving us stuck in the middle of nowhere. Little did we know that this was all part of God's divine orchestration. While we were stuck on the road, we spent some time thinking about what we would do when we found a B&B about 5 minutes from the car accident location. So, while we were waiting for help, we called the nearby B&B and were told they had no rooms available; however, we were welcome to wait on their premises. We managed to drive the car for 5 minutes to the B&B estate.

On arrival, the lord of the estate welcomed us and offered us a place to rest outside, but we asked if we could go inside instead because it was a bit cold. He obliged and took us inside. When we got inside, the Lord laid it in our hearts to communicate to this man who we were. We communicated to him that we are missionaries and that we are here for the gospel, and immediately the man lent us an ear, and we began to minister

the Word of God to him. The Word of God came so powerfully, and he left the room to get us some tea and biscuits. When he went in, he beckoned to a lady from Spain, who worked in the castle, Maria of Andalusia. Apparently, she has been in the Lord and has been looking to go deeper into God.

She came out excited to meet us, and we had a very beautiful time of fellowship with her; she was caught to the heart and desired to be in contact with us. This was the first door the Lord opened to us because, through this lady, the Lord opened a door to us to have a time of fellowship with some kingdom-believing brethren in Spain. **The trip to Spain was scheduled for November 8-14, 2025, and has been concluded as we speak. We are, at the time of concluding this report on our way back to Canada from Spain. We hope to produce a separate report on the mission to Spain as a follow-up to the current report.** Later that evening, our car was still broken down, and we were invited to join them for dinner. While at the dinner table, we broke out in worship and had another time of powerful ministration. This time around was different; their hearts were cut, and the master of the castle told us, “The churches have failed us; they are more interested in maintaining the church building than the souls.” He then remarked that what he heard from us carries light and life and that the community needs it. He said he will open the community for us because the community needs to hear us. We then went into a time of prayer, and after the prayer was concluded, the man stood up at the dinner table and told us that he could not receive the blessings unless he gave us a room for the night. This was how a room opened for us, and we lodged with them that night. They were so full of joy and excited to have us. To them, it was like the angels of the Lord had visited them, and to us, what looked like an accident turned out to be divinely providential, which provided open doors to several other mission fields as would be later narrated. Our God be praised.

21 Day 20 - August 20th 2025 (Establishing the Bamburgh Connection & Arriving Manchester)

We woke up to a wonderful breakfast at the castle, and while we were at breakfast, the master of the castle walked up to us and informed us that he is formally inviting us to

return back to Bamburgh and that the community and nearby communities are going to be open to listening to us and he reiterated again that the community needs to hear us and that the churches have failed them. The Lord opened this great door, and it turns out this man is a pillar and a person of prominence in the community, and God gave us that key. We thanked him and told him we are open to returning to Bamburgh with the gospel of the kingdom, and we know that life and light will visit the community.

At this time, our car was attended to and towed to Newcastle Airport, so we departed in good faith for Newcastle Airport, where we had a change of vehicle. When the vehicle was changed, we headed straight from Newcastle to Manchester, England, our next destination. On arriving in Manchester, we immediately took to the streets and began the time of evangelism. It was powerful, and the Lord granted us great power and strength in the city of Manchester. About four people gave their lives to Jesus Christ right there on the streets of Manchester, and God's Name was greatly glorified. We also had time to go around the city of Manchester in prayer and to engage in active, aggressive evangelism.

22 Day 21 - August 21st 2025 (Arriving Liverpool)

We drove approximately 1 hour from Manchester to Liverpool, England. Once we arrived at Liverpool, we settled in our lodging and immediately took to the streets for evangelism. We had a beautiful time of evangelism in Liverpool, with many people giving their lives to Jesus Christ on the streets, and the Name of the Lord was praised. We went round the city praying and making declarations over the land before returning to our lodging in preparation for the next leg of our trip.

23 Day 22 - August 22nd 2025 (Arriving London)

By late afternoon, we embarked on a 5-hour road trip from Liverpool to London, England. We got to London later than planned due to minor complications that delayed our departure from Liverpool. As a result, we could not engage in street evangelism as planned, so we settled in at our lodging and prepared for the next day of the outreach meeting we had booked in London.

24 Day 23 - August 23rd 2025 (London Outreach)

We prepared in the morning and set out for the London outreach meeting. We had a hall booked and sent out invitation fliers to people. However, only one individual turned up for the meeting as a handful cancelled at the last minute. We welcomed and engaged the individual as if we were speaking to 1,000 people. We refused discouragement, but we encouraged ourselves in the Lord and treated the one sheep like it was a hundred. It was a great meeting that encouraged the individual. We went on expanding the purposes of God for this hour, His plan and purpose in making us instruments for His glory and in expanding the message of the kingdom.

After the meeting, we returned to our lodging to rest because our schedule had been adjusted. Due to the new church being planted in Plymouth the previous week, we had to return the following day, as it was Sunday, to strengthen and commission the church. On this note, we returned to our lodging to rest as we were to set out for Plymouth in the early hours of the morning.

25 Day 24 - August 24th 2025 (Plymouth Church Commissioning)

Early in the morning, around 4 AM, we hit the road for a 5-hour trip from London to Plymouth, England, to join the service of the new kingdom church planted in Plymouth to strengthen and commission the church. When we arrived, all the new members of the

church were present. This meeting was quite encouraging and joyful. The new converts were excited and fired up; they shared with us the words they received from the Lord about the new church plant. We had times of ministration, answering lots of questions, strengthening, and encouraging them in the way of our Lord. We prayed for them, commissioning them into the work of meeting together and of strengthening themselves in the Lord. We talked to them about doing the work of the evangelist and reaching the four corners of the land of Plymouth. This meeting was highly impactful and served as the formal commissioning of the Fellowship of Christ Church in Plymouth, United Kingdom.

After the service, we stayed behind to answer more questions, then bade farewell to the saints. We hit the road back for another 5-hour trip from Plymouth back to London, in time to get ready for the U.K. Fire of God conference. The conference was set to be held with the precious kingdom brethren in London and its surroundings.

26 Day 25 - August 25th 2025 (Fire of God Conference)

This was the day of the UK Fire of God Conference. A meeting long anticipated and planned jointly with the kingdom-believing brethren in London and its surroundings. The meeting was glorious, as brethren from London and other parts of the London area joined in. We had some time to encourage ourselves in the Lord, to encourage ourselves in the common vision, the need for oneness, and the propagation of the gospel of the kingdom throughout London, its surrounding areas, and, by extension, the United Kingdom.

After the meeting, we had times of refreshing with the brethren, catching up, and strengthening ourselves. We give God all the praise and glory for how much He strength-

ened the hearts of the brethren in the United Kingdom. We retired to our lodgings in preparation for the next leg of our trip, to Cardiff, Wales.

27 Day 26 - August 26th 2025 (Arriving Cardiff)

We took off from London for Cardiff, Wales, on a 3-and-a-half-hour drive. When we arrived in Cardiff, we settled into our lodging and immediately took to the streets to engage in evangelism. The evangelism in Cardiff was highly impactful as God granted us great help. We had a good number of people, approximately 6 souls on the streets of Cardiff, who got born again and gave their lives to Jesus Christ. We encountered a group of satanists returning from a service at the temple, and the Lord granted us great help to witness to them the power of the gospel, although they did not turn from their

wicked ways, and some of them did not give us audience at all. Despite that, we know that the seeds of the Word were planted from what was spoken. We got to understand that Cardiff is a center point for satanism and witchcraft, so we had some time praying and declaring over the city. Our hearts long to return to Cardiff, chiefly because the Holy Spirit witnessed to us that a kingdom church is ripe to be planted in the city of Cardiff, Wales. At the end of the day, we returned to our lodging to rest, planning to engage in brief evangelism early the next morning before the next leg of our trip to Nottingham.

28 Day 27 - August 27th 2025 (Arriving Nottingham)

We arose from bed early, prepared, and had a brief time of evangelism in the streets of Cardiff. After which, we hit the road for a 3-and-a-half-hour journey from Cardiff to Nottingham, England. We left Cardiff later in the day and arrived in Nottingham by the mercy of God in the evening. On arriving in Nottingham, we were received into the home of brother Chris and sister Imah Adegoke. It was a warm and royal reception, as we were treated to a lovely meal that greatly refreshed us. We had times of just catching up and talking about what the Lord is doing amongst us. We also prepared for the next leg of the trip, an outreach meeting in Nottingham the following day.

29 Day 28 - August 28th 2025 (Nottingham Outreach)

In the morning, we set out to the streets of Nottingham for evangelism. We were fortunate to minister to many people on the streets, and some gave their lives to Christ after being convicted. We particularly met a young lady after whom we preached the gospel, and she was convicted and gave her life to Jesus Christ. On giving her life, she had an experience

where devils went out from her right there on the street while we were praying for her. Immediately, we informed her of the outreach meeting scheduled for later that evening, and to the glory of God, she showed up.

We all went to the outreach meeting in Nottingham, and the Lord helped us greatly. We encouraged ourselves in the Lord on the need to keep the faith, the assurance of our glorification in Christ, mercy, and the hope that is set before us. We finished the meeting later in the night and returned to the residence of brother Chris and sister Imah Adegoke. Nottingham was a beautiful and glorious experience, and we know that the work of the Lord and His glorious Name will continue to be propagated in the land.

30 Day 29 - August 29th 2025 (Departing Nottingham)

We departed early in the morning on a 3-and-a-half-hour journey from Nottingham to Heathrow Airport in London, where we dispatched to catch our flights back to Canada. We arrived in good enough time and were able to board our flights. Brother Ekaba boarded his flight to Calgary, and brother Chidera boarded his flight to Winnipeg.

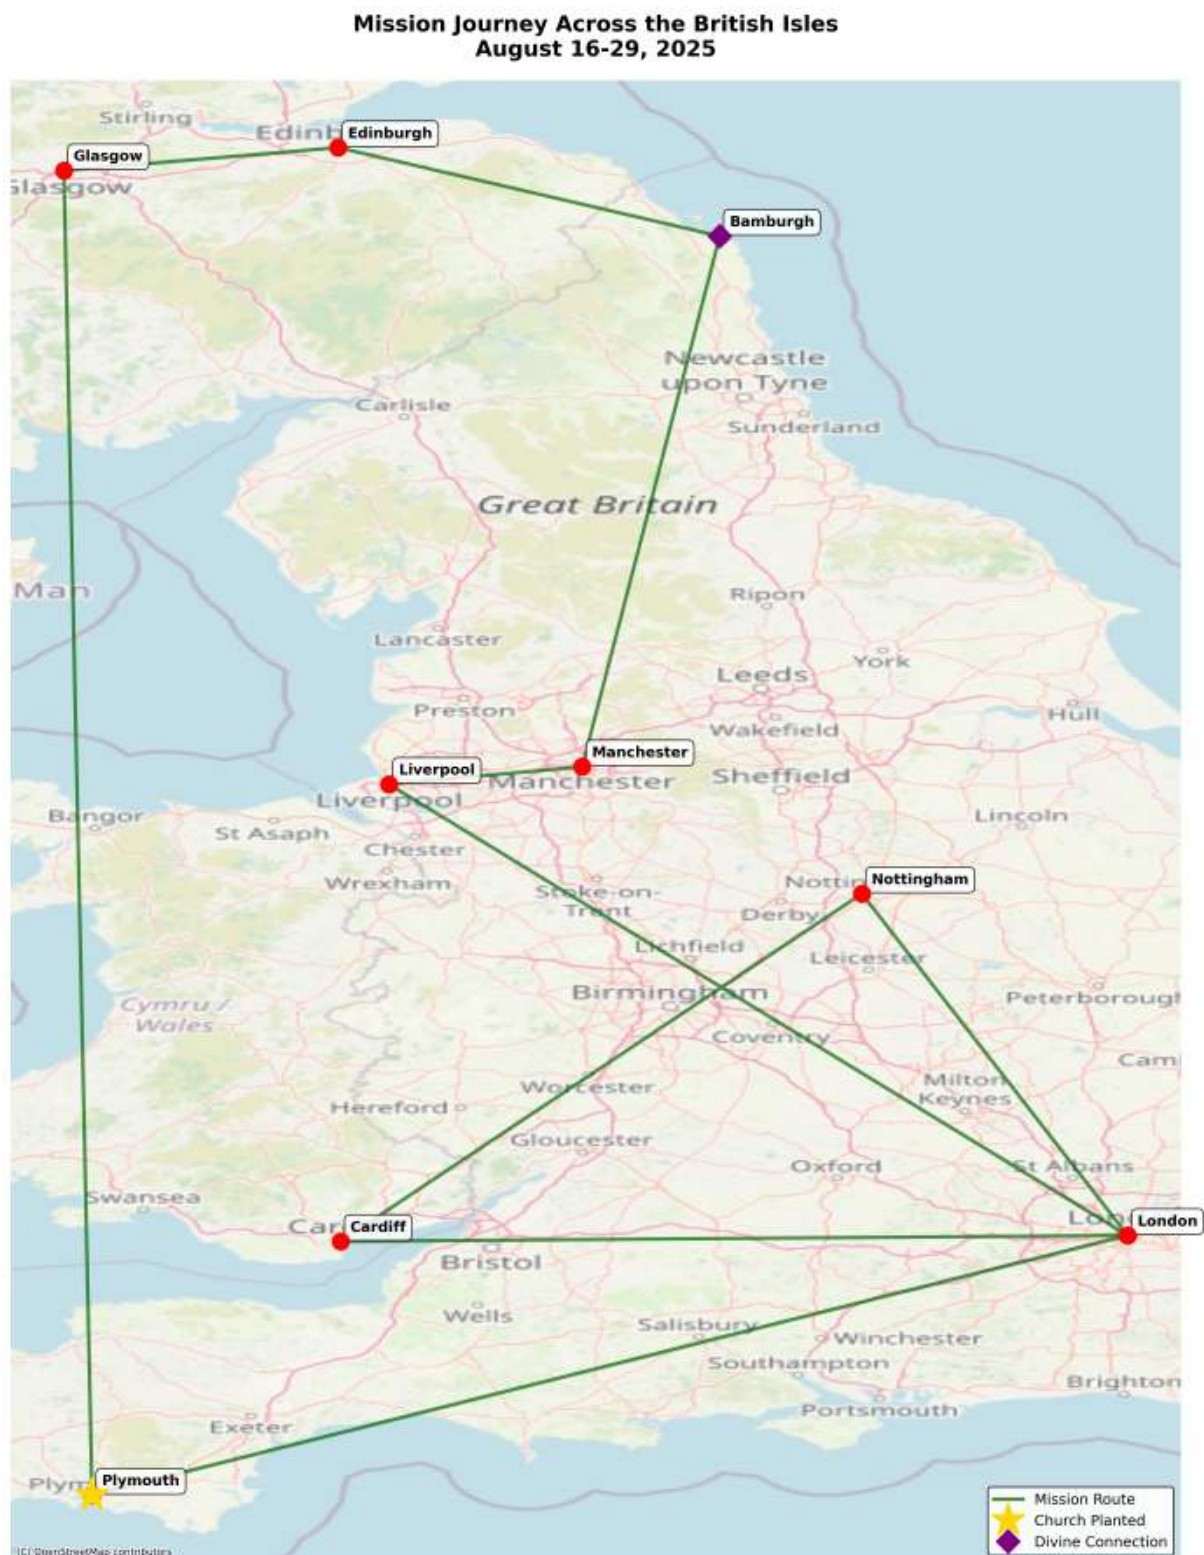

Figure 19: Mission Journey across the British Isles (August 16-29, 2025). The team traversed approximately 2,450 kilometers by road through England, Scotland, and Wales, visiting 9 cities: Plymouth, Glasgow, Edinburgh, Bamburgh, Manchester, Liverpool, London, Cardiff, and Nottingham. This leg included a flight from Plymouth to Glasgow, with the remainder traveled by road. The highlight of this journey was the establishment of the Fellowship of Christ Church in Plymouth and the divine connection at Bamburgh Castle that opened a door to Spain.

31 Day 30 - August 30th 2025 (Arriving Canada)

After a long flight, we arrived in Winnipeg, Manitoba, and Calgary, Alberta, on August 30th, 2025, and returned home safely. We give God praise for keeping us through our time on the roads of Europe. All through from the beginning of the month, down to the end of the month, and meeting our families in good and sound health. We can only praise God, who takes care of everything that concerns His people. The trip was successful, full of grace and mercy, and we trust God that the next time we return will be with greater dimensions of power and grace. May the Name of the Lord be with us, and may the grace of the Almighty God continue to rest upon us. Amen.

32 Conclusion and Financial Support

32.1 Follow-up Plan

We give God endless praise for the work that He has wrought. Given the scope of the work, we have set up biweekly discipleship meetings with the leaders of the new church plant in Plymouth. We are also committed to making future follow-up visits to the places we have visited to double down on the victories and to establish the seeds we have planted.

As we can see, truly, the work is large, but the labourers are few. We call on brethren who have a heart for missions to avail themselves of the opportunity to be part of these ministry travels, to offer their time for prayer, and to contribute their finances to fund these expeditions.

32.2 Request for Support

We request the support of the Presbytery and the rest of the brethren in holding this work in prayer, that the counsel of our God regarding the Kingdom work in Europe will be established. That the eyes and ears of all whom He shall call shall be opened, and that their hearts be made to understand what is the breadth, and length, and depth, and height of the riches of the eternal purpose of God respecting His Body and the coming Kingdom.

We also request financial support from as many as are led to support this mission field. We spent approximately \$35,000 CAD on this trip. The God and Father of our Lord Jesus Christ shall continue to receive eternal glory and honour and shall have all pre-eminence. Amen.
